

Jul 16, 2025 | 📅 WV Sustainability Meeting

Call to Order

The Meeting was called to order at 7:11

Committee Attendance: Kip Archinal, Jack Playchak, Andrea Fonash, Chris Taylor, Jim Wendelgass-Liason, Ned Foley

Approval of Previous Meeting Minutes

January and February minutes are approved. No minutes from May. No quorum in June.

Manager's Report: None

Primary Business

- a) Approve past minutes
- b) Plan to get articles into the newsletter: Christina wants articles by August 4th. Chris is working on what our local trash haulers actually are recycling. Kirk: He and Kathy are working on an energy article. Other than solar panels. Maybe heat pump engineers. Ned: Maybe an update on composting. Kip: a picture of the kids getting the awards for their stickers.
- c) Clean energy- Kirk
 - i) - Options for ground mount solar: Note from Tommy that we can't put it on the roof. We could put it in front of the public works building. Looking into potential solutions. Maybe Evans Park? Dana brought up that we need to do something about the electric charger that isn't functioning. We should come up with a plan as to what to do about it. We should most likely pull it out as it isn't a fast charger. Look into what our grant requirements are. Potentially at least shut off the credit card reader if we don't have lease obligations.
 - ii) - Potential workshop on heat pumps (in the fall)
 - iii) - Debrief with supervisor liaison on how clean energy ordinance talk went: Kirk: how did the workshop go? Shouldn't be a mandate of builders to install. Builders could offer it as an optional upgrade.
- d) Outreach updates: Andrea: Can each of us post something 1x a week on social media to see more voices posted.
- e) Updates from Kip: We need more stickers handed out.

Meeting Adjourned: 8:19pm
